

The Vets Ready2Work (VR2W) Program assists veterans and Wounded Warriors with their professional development while transitioning from the military to civilian sector. Our Team at Melwood specializes in identifying skill sets received during military tenure to help the veteran population gain meaningful employment.

The VR2W program has collaborated with other organizations and businesses whose mission is to provide quality of life services to our veterans in the National Capital Region.

Some of our partners include, but are not limited to:

- Network of Champions (General Dynamics, Northrop Grumman)
- Easter Seals
- Operation Renewed Hope Foundation

Through our diverse network of partners, transitioning veterans are encountering a smooth progression into the workforce.

Boot Camp/Job Club

The Boot Camp is used for veterans to network with one another and VR2W staff, and for discussing job related issues that affect the veteran population. The VR2W staff will give a presentation on current topics that are relevant to the veteran's job search activities. The Boot Camp will also be used to apply for positions within the community along with providing Job Readiness and Development skills.

Veteran's contributions to the workplace include:

- Accelerated learning curve
- Leadership
- Proficiency under pressure
- Respect for procedures
- Integrity, reliability, and honor

Businesses who would like to tap into our diverse pool of veterans are encouraged to contact:
